Too many fishermen have gone to Willoughby lake, Long pond, Stone pond and elsewhere to try to enumerate them. Good luck to them. Meantime many good fish are being caught within the village limits.

The Orleans Cemetery association held its annual meeting at the club rooms Tuesday evening. The officers for the ensuing year are the same as last year. Plans for work were discussed. The needs are obvious but the means are limited.

The following books have been received at the library: "Castle to Let," Reynolds; "Street of Seven Stars," Pinehart; five gift books from Mrs. W. S. May; "Cloister and Hearth," Reade; "Unspotted from the World," Stevens; "The Cost," Phillips; "Gentle's Marriage," Heinburg; "Strange Story," Bulwer; Liverton; four gifts from Geraldine Stoddard; "Rolo in Naples, in Rome, in Paris, and on the Rhine," Abbott.

The annual meeting of the Village Improvement society was held at the library Friday, April 28th, and the following officers elected for the ensuing year: President, Mrs. Jean R. Sweet; vice president, Mrs. Margaret Demick; secretary, Mrs. Blanche Harris; treasurer, Mrs. Jennie Gross. Plans for the season's work were discussed and an executive committee of eight appointed to carry on.

From one who has made a study of bird life comes this advice to the boys who have placed so many bird houses in the village. "If you wish the song birds to build in those houses be sure that the English sparrows are not permitted to make their homes in the houses. They will be sure to prevent the nesting of the song birds." This may seem cruel to the sparrows but it is said they are robbers, are not the farmers' friends as are those who destroy insects and worms, and that they destroy the song birds' eggs.

### School Notes.

Pupils in grade five having a perfect attendance for the first half of the spring term are: Dorothy Bowman, Alice Chaffee, Dorothy Currier, Betty Dickens, Rita Hardy, Marion Stoddard, Katherine Trim, Earle Green, Ernest Hemenway, Oliver Macie, Philip Malshuk, and David Sweet. The following pupils were absent only one-half day: Virginia Cleasby, Evelyn Montlon, Gordon Clarkson and Gerald Cutler.

In grade three, 16 of the 24 pupils had perfect attendance during the first half of the spring term.

The operetta "In a Flower Garden," will be given Tuesday evening, May 9th, at 8 o'clock in the Opera Hall by the grade assistants.

From the junior high school, Eleanor Bean as "Dawn"; Dorothy Porter as "Fair Weather"; Kathryn Dodge as "Moon"; and Louise Adams as "Sunset." The operetta represents one day in the life of the "Flower of the Garden." They are awakened by the bird voices, given a drink by the dews; they play with the sunbeams and then greet the dawn. Fair Weather comes and with her the little white clouds. Butterflies visit the flowers and then Noon arrives. Winds whisper to the flowers of the approach of the storm clouds and rain. The enemies of the flowers.

White clouds. The latter are driven away, but soon return with the rainbow tints. Then Sunset and dusk visit the flowers who are finally lulled to sleep by the fireflies. Seventy children are costumed as butterflies, white sunbeams, winds, dews, piders, fireflies and other characters, while 20 are costumed as flowers, grasses and birds. Rain is represented by Dean, Lafam, and the clover, daisy

and buttercup are Doris Twombly, Doris White and Elva Mae Jenkins. The sunbeams and butterflies will entertain you with gay dances; the spiders, who are Philip Malshuk and Rudolph Rainville, will weave their silvery web and the fireflies will flash their tiny lights as they sing the flowers to sleep.

The new slide on the school grounds proves to be a popular addition to the playground apparatus. It was made by Leo Stetson in the shop work class and was financed by the Junior Red Cross.

Nearly a dozen girls have indicated their intention to attend the conference for the Older Girls of Vermont, which is to be held in St. Johnsbury. It is a privilege to attend these conferences with speakers of national reputation on the program.

Clean-up week is being announced from the flag staff of the school building, where a new flag has taken the place of the worn and faded one that did duty during the past three years.

Harold Carow was a high school visitor one day last week.

The 26 captains of the "clean-up" squads have had a couple of meetings to get organized for their work. Each captain works in conjunction with an adult councillor who has been assigned each of the districts by the Village Improvement society. Some snap shots have been taken of some of the places to compare with some that will be taken later in the campaign.

Anyone having piles of ashes to remove may report the same either to the captains or the village trustees, who are glad to use them on the streets. Films are to be shown in the schools in connection with the spirit of the week.

Suggestions from any of the villagers are welcomed since all people must cooperate to make the clean-up a 100% success.

The baseball team dropped its opening game of the season at Johnson 17-5. The weather conditions were far from ideal and Gallup had difficulty in making his curves break as usual. Dudley's fielding at second, and Barry's timely single in the eighth with the bases full were features for Orleans.

The opening home game is now pending, sometime during the present week. The boys are going to come back strong after this first defeat, and ask the support and cooperation of the townspeople.

Notice to Every Ex-Service Man and Woman.

The rotating fund for the immediate benefit of ex-service men in need is arousing a wonderful interest, according to the members of local Post No. 23, of the American Legion.

A veteran census in this county. "We are going to stick together on this," said one of the canvassers this morning. "We have seen ex-service men out of luck long enough. If we don't help our buddies, who the hell will?"

My share of the adjusted compensation goes into this fund and that's what every one of us says that can possibly afford it. We know now that it can be used right away.

All ex-service men are being asked if they will turn over their share of compensation provided for in the adjusted compensation bill, to this fund for the immediate benefit of veterans and their families that are in need. The money will be loaned right where it is needed in every community through a committee appointed in the community and the idea is that the Legion is not going to leave the ex-service man floundering about in the wilderness of governmental red tape till it is too late to give him help.

It is no matter if a man is a member of the Legion or not, the canvassers of Post No. 23 are out for his name. If he has any unadjusted claims from his period of service they want to know of it. They are after every veteran that is in need of hospital treatment and every one that is entitled to vocational training. Many do not know that they are entitled to vocational training. Many do not know that they are entitled to free dental service. Some never received their \$60 bonus on discharge. The government allotments and Liberty bonds of others have gone astray.

The census takers want information of all these things. The Legionnaires out canvassing report that the story of the census has come ahead of them and aroused great interest and they are receiving every assistance in their work.
